

XLII INTERNATIONAL STUDENT SEMINAR ON MECHANICAL ENGINEERING 2025

We would like to cordially invite Students and Doctoral Students to participate in the international seminar on mechanical engineering to be held **from 16 to 18 June 2025 at Military University of Technology**. The event will be an excellent opportunity to present the results of the research, exchange ideas and establish cooperation in future research projects.

SEMINAR TOPICS

The main topics of the seminar will include issues in the area of **mechanical engineering, biomedical engineering and logistics** related to:

- mechanics, construction and operation of construction and road engineering machines, motor vehicles and internal combustion engines, electric vehicles and vehicles powered from renewable energy sources;
- construction of industrial and mobile robots and unmanned platforms;
- designing parts of machines in CAD/CAM/CAE systems;
- modern methods of additive manufacturing;
- road safety issues;
- problems of transport and mobility of people with special needs;
- computer simulation techniques in the field of materials and construction research;
- biomedical engineering, human movement analysis;
- supply, production and distribution logistics;
- logistic infrastructure;
- virtual reality technologies;
- automatics, programming and applications.

The official languages at the seminar are English and Polish!

APPLICATION

To register your participation in the seminar,
please fill in the application form: <https://forms.gle/HLw9AcccTFyxPedk6>

IMPORTANT DATES

- **18 May 2025** Submission of applications and abstracts
- **16-18 June 2025** Seminar of the Students' Associations
